

# 21 Days to Becoming an Effective Situational Leader Action Plan Overview

When you wish to ensure the highest return on your training investment. Spending **only 15 minutes a day** practicing new skills, individuals can quickly and easily **cement the behaviors learned in training**. This easy-to-use desk top aid provides a clear road map

to SLII sustainability. Managers use this action plan every day for 21 days after the workshop ends. Each action plan consists of one 7- to 10-minute activity that provides specific direction to ensure they are beginning to use the skills learned during the workshop.

**21 Day Action Plan.** Each day, convenient and interesting activities help to reinforce and sustain the leadership skills your managers have learned.

The process as well as the value of each step. At the end of the 21 days, the leaders can either repeat the process or skip ahead to the areas where they feel they need improvement.

The 21 Day Action Plan is an invaluable tool for reinforcing, accelerating, and sustaining managers' development as a Situational Leader so they can more effectively and quickly assist their people in reaching proficiency on critical tasks. More critical tasks being performed at the highest level of proficiency means increased impact to bottom line.

Created in a colorful, bold, and useful format, this coil-bound product is made to stand up so that leaders can place it on their desk, flip a page each day, and conveniently use it to practice and sustain their new skills. Each page explains a part of the
